CAREER OBJECTIVE

Motivated fresher and 2027 Computer Science graduate seeking an entry-level software development role in a **fast-paced, collaborative** environment. Strong foundation in **programming** and **coding**, with a focus on industry **best practices** to deliver high-**performance** and **scalable** applications. Eager to contribute to team success, enhance technical skills, and grow as a software professional while building reliable and efficient software solutions

EDUCATION

10 th class - Little buds school

2020 - 2021

Intermediate - pragati Junior College

2021 - 2023

B.Tech In Computer Science And Engineering (Ai & ML) - Ideal institute of Engineering College

2026 - 2027

CGPA: 7.8

TECHNICAL SKILLS

- **Technologies:** Html, Css , JavaScript , Github, Bootstrap ,sap
- **Common skills** :Excel , Powerpoint
- **Languages:** Python , Java
- **Database:** Mysql
- **Webtools:**Github, Git , Eclipse Ide ,Vscode

PROJECTS

Todolist:

- Developed a **To-Do List web application** using **HTML, CSS, and JavaScript**.
- Implemented **task management features** including add, delete, and mark-as-complete using JavaScript.
- Utilized **JavaScript DOM manipulation** to dynamically render and update task items.
- Designed a **responsive and user-friendly interface** with modern CSS styling.
- Applied **event handling** to manage user interactions and real-time updates.
- Performed **basic input validation** to ensure accurate and reliable task entry.

Portfolio:

- Created a personal portfolio to showcase academic projects, technical skills, and achievements.
- Organized project details including descriptions, tools used, and outcomes to present work clearly.
- Highlighted key projects such as image processing applications and programming assignments.
- Structured the portfolio to demonstrate learning progress and practical experience in software development.
- Ensured clear presentation of skills in Python, programming concepts, and basic development tools.
- Improved documentation and presentation skills by summarizing project objectives, methods, and results effectively.

CERTIFICATIONS

- Cisco data analytics Essentials
- Python programing with Red hat (AD141 - RHA) - Red Hat

INTERNSHIPS

- **APCHE Web Full Stack virtual internship**
- **EduSkill AI&ML Virtual internship**
